August 2011

Thank you for taking the time to look through our new 2011-2012 expanded colour catalogue. There are many new products in this update, as well as new sizes and packaging for many existing items. We sincerely hope you find it easier to use, find items and shop for your store and serve your customers better.

Our company was founded in 1963 as a small local mixer of bird food and grass seeds. Over the 60's and 70's we expanded our product range to include rodent foods, and began selling to larger customers in Ontario. We also opened a retail farm supply store in 1974, which was later sold in 1993.

In the early 1980's we further expanded the reach of our manufactured products to all of Canada through various retail distributors, and started into the wholesale distribution of pet food and supplies. This business has continued to flourish, and has fueled a great deal of our expansion over the past decades.
Since the beginning of the 21st century, we have opened distribution centres in Colborne ON, and Winnipeg MB, and together with our Essex location, we now service over 1500 stores in 4 provinces.

I want to take this opportunity, on behalf of the Brummell family, and our team of dedicated employees to thank you for your business, both in the past and for the future. It is you, our customer, to which we owe our continued success.

Kind Regards,

Craig Brummell
President

TERMS AND POLICIES

TRADE ONLY!

Our business is selling to retailers, breeders, kennels, and other persons who use our products in a professional capacity. We do not sell directly to consumers. Possession of this catalogue does not automatically give you the right to purchase from us. We must have a completed account agreement/customer information sheet file before we can accept an order from you. We reserve the right to restrict trade.

ORDERS - DELIVERY

In most cases, all of our pricing includes delivery to your place of business, providing your order meets our minimum order for freight prepaid and you are within our trade area. Please refer to our current price guide for minimum orders for your area. Depending on your location, your order may be delivered by our truck, or by common carrier, or may vary. Delivery methods are at our sole discretion.

ORDERS - PLACING -TO PLACE YOUR ORDER YOU HAVE SEVERAL OPTIONS.

1. Call us Toll Free at 1-800-265-4899 and place your order over the phone. Our order desk is open Monday to Friday from 8:00 am to 4:45 pm Eastern Time. The most efficient way to order is by our item code numbers and quantity.

2. Fax us your order Toll Free at 1-866-TOPCROP (867-2767). Faxing is available 24/7. Faxed orders are preferred because we find there are fewer errors. When faxing in an order, product code numbers and quantity ordered are all that is necessary. Please make sure the name of your store is on the order (yes, we have had some orders come in without a name on them!!).

3. Email us your order : orders@topcrop.ca

4. Give your order to your sales representative.

TERMS OF PAYMENT

Your first order with us is COD. For the current terms for subsequent orders, please refer to our price guide.

RETURN POLICY

All returns must be authorized by our office. Manufacturers have differing policies on returning merchandise, so it is imperative that you contact us before attempting to return any items you have purchased from us.

WE WILL NOT ACCEPT AND/OR ISSUE CREDIT FOR RETURNS OF ITEMS PURCHASED IN EXCESS OF 6 MONTHS.

This is a general guide as to our terms of sale. For complete terms, please refer to the current price guide, and the terms of your account agreement/application.

SAFFLOWER

Safflower seed is often used as a substitute for black oil sunflower seed. Safflower seed, like black oil sunflower seed, is high in protein and fat; but, unlike black oil sunflower seed, it discourages Starlings, Grackles, and squirrels from feeding. Safflower seed is a favorite of Cardinals and a number of other common bird feeder visitors.

GRASSES FOR SMALL ANIMALS
Alfalfa has more protein for smaller growing animals. Timothy Hay has more protein & less fiber for mature animals. Greener because only 2nd cuttings are used. Timothy Hay Plus - ingredients have been added to the high quality Timothy Hay to increase the health benefits for the small animal. Mint for digestive health, Marigolds for antioxidant enrichment, Carrots for additional vitamins. Bermuda Grass & Orchard Grass-high fiber to aid digestion.

TIMOTHY HAY PLUS- 24OZ
Is harvested from the high elevations of the Columbian River basin, an environment with the perfect combination of dry days and cool nights. Our experts, who have been farming since the 1920's, hand select the hay from the second cutting to ensure the proper ratio of leaf to stem. Once selected, our hay is sheltered to protect it from the elements and ensure that the right green color and nutritional content is maintained.

HALTERS

Accent premium halters offer the standard features: non-fade nylon with triple ply cheek and chin straps, heat sealed "no-tear" holes, superior quality hardware, diamond stitching for extra durability and a comfortable, rolled throat strap. In addition, these halters are equipped with our unique, patented equi-snap. This specially designed, stainless steel spring snap will not rub the horse or catch on fences. It's much easier to fasten than the conventional snap currently used on most horse halters.

TECHNI-CAL DOG FOOD

All Techni-Cal products contain super premium ingredients: Chelated minerals to increase absorption of copper, iron, and zinc. Zinc is one of the nutrients required for healthy skin and soft coat. Yucca schidigera extract to aid in the reduction of stool odour. Antioxidants to help keep the immune system healthy. Antioxidants help prevent the breakdown of unsaturated fatty acids, which may lead to a loss of aroma and flavour appeal.

SWHEAT SCOOP MULTI CAT

If you have more than one cat, you expect more from your litter. You want a faster, firmer-clumping litter with outstanding deodorizing power. That's precisely why we created Multi-Cat Swheat Scoop Litter. Higher concentrations of starches and enzymes make it ideal for automatic litter boxes. Multi-Cat Swheat Scoop is designed to clump faster and firmer. So it's great for litter boxes that get a lot of traffic, and automatic litter boxes too.

RAMPS & STAIRS

ULTRALITE BI-FOLD PET RAMP

Our most economical ramp and the lightest full-size ramp on the market! Weighing in at a "feather-light" 10 lbs, the Bi-fold Ramp still supports over 200 lbs. Its rugged, all-plastic construction and simple, folding design make it cinch to use. The ramp also includes a safety release latch to prevent accidental opening, and four rubber feet for sure footing. The walking surface is the same high-traction material found on our other ramps.

DELUXE TELESCOPING PET RAMP

This model is super lightweight at 13 lbs, and it supports over 400 lbs with no bending! Its unique aluminum+plastic design makes it best combination of light weight and strength on the market. It's also very compact, making it easier to use and store. It extends from 39" to 72" and anywhere in between. Use it fully extended for SUVs, pickup trucks, grooming tables, etc.

ITEM CODE	SIZE	MFG. CODE	UPC CODE
370104	13lb	62305	891293000347

DELUXE XL TELESCOPING PET RAMP

The Deluxe XL has the same construction as our Deluxe Telescoping model, but is 15" longer and 3" wider - 42% larger overall! The extra length of the XL model provides a flatter angle for easier climbing. The extra width gives larger dogs more room and thus more confidence when using the ramp.

EATBETTER BOWL
Helps your dog eat more slowly, minimizing many of the health issues associated with fast-paced eating including indigestion, vomiting and bloating. The wishbone center of the bowl creates an obstacle that prevents gulping or vacuuming behaviors. The bowl's innovative design encourages dogs to take smaller mouthfuls and chew more.

DRINKBETTER BOWL
Encourages dogs to drink at a slower, healthier rate, and make less mess while they're at it. Besides making a wet mess, dogs that drink too fast can experience digestive problems such as indigestion and vomiting, and light-haired dogs may experience staining of the muzzle (from chlorinated water). The Drink Better bowl uses a floating obstacle to control the flow of water, encouraging dogs to drink slower and take only as much as they need, without soaking their ears and muzzles or slopping water around the feeding area.

Roll'n Clean™ Self-Cleaning Litter Box

Easy to Clean

Screen - separates waste from clean litter.

Scoop - collects waste for easy disposal

Litter Pan works best with clumping and silica litters.

How it works

Simply roll the litter box to the right until the top touches the floor then roll it back to the upright position. Inside a unique patented screen separates the clean litter from the clumped waste - putting all the waste into the scoop. Pull out the scoop and dispose. It is that easy!

No Scooping

Quickly cleans in seconds

WATER SKI ROPE LEASH-YELLOW/BLUE

Provides the experience of water-skiing without the water - almost. At least you'll look way cool when you walk your dog along the shoreline and docks. The Ski Rope Dog Leash is made of the sturdiest cord for long-term durability. The authentic ski rope handle provides great control of big or strong dogs.

Healthy Teeth. Fresh Breath.
No Brushing.

It's a fact - periodontal disease is the #1 disease among both dogs and cats. And one of the first warning signs is bad breath. Fortunately for you and your best friend, now there's TropiClean fresh breath *made easy!* Using the touch-free applicator, just add a dab of Clean Teeth Gel every day to gently remove built-up plaque and tartar.

It's part of a family of safe, natural products designed to keep your pet's teeth healthy and his breath fresh without brushing. Look for them at pet stores nationwide. To find a store near you, visit www.tropiclean.net today!
